

FINANCIAL ANALYST

Antargaz Belgium is the leader in distribution and sale of propane/butane in the Benelux and active in the Belgian natural gas and power market. We offer you the opportunity to participate to our continuous development by joining our Gas & Power Department at Diegem.

Job Purpose

We are looking for a Financial Analyst for our Energy Marketing team at Diegem. Energy Marketing Belgium is the local natural gas and power division within the fortune 500 multinational UGI. It is one of the key drivers for further business development for UGI. We have the ambition to create a steady and healthy growth within the SME segment.

The role of the Financial Analyst is to analyze data for operational and commercial purposes and to improve data management. Furthermore, the Financial Analyst is in charge of the internal & external reporting. Good data and reporting are key elements to fulfill our legal obligations and to make better decisions to run the business successfully.

Principal accountabilities

- To analyze and edit data for reporting purposes ;
- To create and submit official and mandatory reporting correctly and in time ;
- To create, maintain and improve commercial and operational reporting ;
- To create ad hoc reporting when requested by the business ;
- To automate internal and external reporting ;
- To improve data in the operating systems.

Key Challenges

- Structure and improve data in operating systems ;
- Translate complex data into easy to use, understandable, frequent reporting ;
- Respect deadlines for internal and external reporting ;
- Automate reporting as much as possible.

Educational Background

Master in financial, economic sciences, computer science or similar topics.

Qualifications required

- Strong analytical skills
- Accounting knowledge
- Critical thinking
- Attention to details
- Able to communicate complex data easily
- Solution driven
- Team player
- Good knowledge of MS Office with Advanced knowledge of Excel
- Excellent knowledge of database and reporting software
- Minimum C1 level in Dutch & French.
- Good professional knowledge of English.
- Minimum 3 years' experience.

What we offer you:

- Employment contract for unlimited period
- A fulltime employment contract
- A competitive salary package
